GIRLS! LOTS OF BEAUTIFUL HAIR NO DANDRUFF---25 CENT DANDERINE.

Hair coming out? If dry, thin, faded, bring back its color and lustre.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and

scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance. Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Adv.

CLAIM WHEAT RECORD

Trego County Farmers Raised Two Million Bushels in 1914.

WaKeeney, Kan., Jan. 5.—Trego county raised more than two million bushels of wheat in 1914. The claim is made that the county raised more bushels per capita and more bushels per acre than any county in the United States.

The largest producer in the county was Jacob Frank, who lives at Ogallah, his crop threshing out 45,000 bushels. Also, Messrs. George, John and Walter Munro raised approximately 40,000 bushels between them. Other prominent wheat growers in this county are: T. J. Rhodes, Yetter and Benson, W. A. Tawney, Margard Bros., A. W. Nelson, T. B. Hays, J. M. Rinker, Chas. Spitzmaul, John G. Hixon, F. B. Walker, H. S. Glover, Purcell and Phares, H. F. Kline, R. Owens, Schwanback Bros., and J. M. Zeman. All of these raised better than 10,000 bushels, and there are scores who raised as much as 5,000 bushels.

The wheat acreage for 1915 is said to be equally as large as was that of 1914, and the new crop looks very promising for this season of the year.

HAS GREAT OPPORTUNITY.

University Men Say Kansas Ought to Build Up Medical School.

Lawrence, Kan., Jan. 5.—No state in the Union has such an opportunity to build a great medical school as has Kansas, the board of administration tells Gov. George H. Hodges in its biennial report.

"The university school of medicine has absorbed smaller institutions near it and now occupies a large field

alone," says the board. "Perhaps no other social service compares in value with the need of training men and women to teach others how to keep well and live correctly. To aid humanity through surgery and medicine is the first great professional need of the state."

"The university hospital has served the people of Kansas more widely, mercifully and constructively relative to health than has any other agency. It has given medical care and surgical operations, instruction in the prevention of sickness and disease, and provided education in sanitation to hundreds of persons unable to pay for it. Free of cost 5,569 treatments for various ailments have been given to the poor at this hospital. The money value of this service is equal to more than \$10,000."

The board finds the hospital lacking in equipment and facilities for caring for patients, and in cheerful, attractive surroundings. The board recommends a comfortable home for use young women nurses, and also more free beds in the hospital for the use of state patients.

Italians Buying United States Horses. Junction City, Kan., Jan. 5.—Twenty thousand horses for use in the Italian army have been purchased in the United States in the last three months, according to Gordon Hollis, a stock man of Denver, here, buying animals. Hollis says he recently delivered 5,000 horses to agents of the Italian government in the east.

Salina Votes R. R. Bonds.

Salina, Kan., Jan. 5.—Monday's vote was 459 for and 155 against the proposition to issue \$20,000 terminal bonds to aid the construction of the Salina Northern railway. The first section of the line to be built will run from Salina to Osborne.

OLDEST FIREMAN DEAD

James Cronican of Herington in Service a Half Century.

Herington, Kan., Jan. 5.—After 51 years in railway service as a fireman, James Cronican of this city, a Rock Island employee, was instantly killed when he fell from his engine Monday. Cronican climbed to the tank of the engine to investigate the water supply. He slipped and fell, his head striking a rail.

By far the oldest locomotive fireman in the United States, or even the world, Cronican was widely known among railroad men. His record, 51 years as a fireman, can not be equaled. The Rock Island has kept him on its payroll for years because of his efficient work. Cronican was a faithful employee of that system and it was with deep regret that the Rock Island people everywhere, high officials down to section laborers, heard of his death.

LOST BROTHER SHOWS UP.

Topekan With Lyceum Bureau Accidentally Finds Family in Concordia.

Concordia, Kan., Jan. 5.—Charles Mann Dawson left Topeka in 1900 when 9 years old and has traveled over a greater part of the world since. He is a natural musician, and when 5 was organist in one of the churches in Topeka. A band of traveling musicians persuaded the lad to accompany them. Having the wanderlust in his veins he went with them, leaving his family to wonder what had become of him.

During the eleven years that followed he has been searched for over ten times. His brother, Talmage Dawson, happened to see the handbills which announced the engagement and it occurred to him that this might be the brother for whom they had been searching so long. He proved to be the lost boy. The family was reunited at the theater after the performance.

Saturday night, however, he came to Concordia to fill in an open date at a local theater. His brother, Talmage Dawson, happened to see the handbills which announced the engagement and it occurred to him that this might be the brother for whom they had been searching so long. He proved to be the lost boy. The family was reunited at the theater after the performance.

SAVING PENNIES PAYS.

Ottawa Woman Collects 7,700 Cent Pieces in Ten Years.

Ottawa, Kan., Jan. 5.—Mrs. A. L. Cook of this city has saved 7,700 pennies in the past ten years and this week her husband, a big stout man, had all the could carry when he took the copper money to the bank to deposit it.

Whoever they were married, Mr. Cook promised his wife that he would turn over to her all the pennies that came into his possession. He kept his promise, and Mrs. Cook was careful to save every one of them. When the collection began to look like it was going to take up all the room in the house, Mrs. Cook decided to let her husband take it to the bank and put it on deposit. The teller who received and counted the pennies says he will never allow his wife to hoard money in any such small denominations.

Cowboy Authority Is Dead.

Dodge City, Kan., Jan. 5.—Robert M. Wright, fifty years a resident of Port Dodge and Dodge City, died here Monday. He was a strong character in the cattle industry of the southwest and was the author of numerous articles on cowboy life in western Kansas.

Janitors Form a Union.

Russell, Kan., Jan. 5.—The janitors of the various public buildings of this town have formed a union and intend to charge extra fees for services rendered in taking care of special meetings of all kinds.

COSTS JOB TO WED.

University of Illinois President Will Not Have Son-in-Law on Faculty.

Chicago, Ill., Jan. 5.—Prof. George Enfield Fraser, controller of the University of Illinois, wanted to marry the daughter of President Edmund J. James.

He asked President James' consent to the engagement. President James assured him he valued him as a member of the faculty and would welcome him as a son-in-law. But he told him he could not be both.

Prof. Fraser promised to resign his post and the president announced the engagement of his daughter, Miss Helen Dickinson James and Prof. Fraser. Today he announced Prof. Fraser's resignation had been presented to the trustees. He also announced that no son-in-law nor other relative could serve on the same faculty with him.

In an official statement explaining the resignation, President James scores "nepotism or the favoring of one's own relatives in the appointment to or engagement in or promotion to public offices at one's disposal." In addition to being controller of the university Prof. Fraser has held the chair of public accounting.

SANTA FE DE LUXE.

First Exposition Special Pulls Out of Chicago This Morning.

Chicago, Ill., Jan. 5.—The fourth anniversary of the Santa Fe De Luxe was celebrated today by road officials when the first De Luxe train of the season pulled out of the station here laden with passengers for the Pacific coast exposition.

The train will be operated once a week for those who like superior service and will pay for it.

Makes Stubborn Coughs Vanish in a Hurry

Surprisingly Good Cough Syrup Easily and Cheaply Made at Home

If some one in your family has an obstinate cough or a bad throat or chest cold that has been hanging on and refuses to yield to treatment, get from any drug store 2 1/2 ounces of Pinex and make it into a pint of cough syrup, and watch that cough vanish.

Pour the 2 1/2 ounces of Pinex (50 cents worth) into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 54 cents, and gives you a full pint—a family remedy of the most effective remedy, at a saving of 80¢. A day's use will usually overcome a hard cough. Easily prepared in 5 minutes—full directions with Pinex. Keeps perfectly, and has a pleasant taste. Children like it.

It's really remarkable how promptly and easily it loosens the dry, hoarse or tight cough and breaks the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. A splendid remedy for bronchitis, whooping cough, bronchial asthma and whooping cough.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in quinine, which is so healing to the membranes. Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex," and do not accept anything else. A guarantee of absolute satisfaction goes with this preparation or money promptly refunded. HITS HERO WORSHIP.

William A. McKeever Makes Appeal for Every Little Child.

Kansas City, Mo., Jan. 5.—Genius was pushed from its pedestal by William A. McKeever, professor of child welfare at the University of Kansas, in an address before the Kansas City School of Social Service here Monday. Professor McKeever urged that the halo be put about the common man and not wasted in hero worship.

"We have gone on talking about the two-fifths of humanity that are misfits until we have come to believe that there is no good at all in the human race," said Professor McKeever. "We have emphasized greatness until it has engendered a fierce and inhuman struggle for the few places of greatness."

The unification of humanity must come through the development of child life, he asserted.

"When we come to love our children—not just as our own, but as anybody's—rag, tag and all—we will have discovered the unifying process of humanity," Professor McKeever continued. "We must have a larger understanding and a devout sympathy for the man who is down, sky-scrapers, banks, big stores and the homes of notables are the outward signs of aggressiveness of a city, but after all it is the common people who are our wealth."

KAISER SETS EXAMPLE

He Eats Bread Made of Rye Flour and Potatoes.

Berlin, Jan. 5.—Emperor William has given orders that the so-called war bread be served to himself and the members of his entourage.

This bread, styled also "K" bread, consists of 35 per cent of rye flour and 15 per cent of potato flakes. It is being consumed in accordance with war time proclamation with the idea of making the supply of foodstuff of the empire last longer.

Up to the present it has not been bought readily by the general public. It is hoped that the decision of the emperor to eat this bread himself will influence the people to follow his example. The newspapers are giving much attention to the course of his majesty in this connection.

BLOW UP MONUMENT.

Unknown Dynamiters Destroy Shaft Erected to Mountain Explorer.

Asheville, N. C., Jan. 5.—Word was received here today of the destruction, by dynamite, of the monument of Mount Mitchell, the highest point east of the Rocky mountains, erected 26 years ago in memory of Professor Elisha Mitchell, for whom the mountain was named. It is not known who committed the act.

Prof. Mitchell, a member of the faculty of the University of North Carolina, established the height of the peak as 6,711 feet. He eventually lost his life while exploring the mountain and was buried on the summit. The memorial was erected by the alumni of the university.

HE PAID HIS FARE.

Railway Received 90 Cents in Payment for Stolen Ride.

St. Louis, Jan. 5.—"The railroads certainly have grounds to feel encouraged for the new year," said Frank Gildersleeve, assistant general passenger agent of the Baltimore & Ohio lines, today.

"Public sentiment is changing. Following the announcement of a 5 per cent increase in freight rates comes a letter to us from an unknown writer, enclosing 20 cents in postage stamps, said to be for a stolen ride of many years ago."

Call for Bank Report.

Washington, Jan. 5.—The comptroller of the currency today called for a report on the condition of national banks at the close of business December 31.
